

CUM ADAUGI DISPOZITIVELE OBU-SATELLIC IN CONTUL DEJA CREAT AL COMPANIEI

In cazul in care dispozitivele OBU-Satellitic sunt achizitionate dupa data de 01.07.2019 va recomandam sa accesati contul unic al vehiculului pe site-ul furnizorului, folosind codul PIN al aparatului , pentru a verifica daca facturile emise pana la acel moment au fost emise cu datele complete ale firmei (Nume, Sediul social, CUI). Gasiti [AICI](#) instructiunile pentru a face aceasta verificare.

Dupa aceasta data, Satellitic a introdus obligativitatea inregistrarii datelor companiei in momentul achizitionarii aparatelor, iar in cazul in care soferii au introdus datele firmei corect aceste facturi pot fi utilizate pentru recuperarea TVA.

Pasul 1

Accesati web-site ul www.satellitic.be si selectati optiunea ROAD USER PORTAL

Satellitic [Home](#) [All about the toll](#) [Manage your journey](#) [Help](#) [Downloads](#) [Road User Portal](#) EN ▾

**From April 1st 2016
Kilometre Charging for heavy goods vehicles in Belgium**

From April 1st 2016, all heavy goods vehicles of more than 3.5 tonnes must have a working **On Board Unit (OBU)** on board in Belgium. An OBU is only required if the tractor unit has a gross vehicle weight (GVW) of over 3,5 tonnes. The point of reference for the definition of the weight that needs to be registered in the system is the Gross Combination Weight Rating (**GCWR**). More information can be found under downloads/vehicle documents.

You can order OBUs on the **Road User Portal**, via the service points or via a **partner** of Satellitic: Aral/BP, AS24, Brandstoffen Maes, DATS 24, DKV, ENI/AGIP, euroShell, eurotoll, Eurowag, E100, Febetra, Gabriels, Global Star, LogPay, Octa+, OMV, PowerOil, Plose, Ressa, Statoil, SVG, TLV, Total, UTA, Vialtis, ZMPD.

Order your OBU in February and win 10,000 litres of diesel
