

## INSTRUCTIUNI DE VERIFICARE FACTURI DISPONIBILE PE CONTUL FAST TRUCK AL DISPOZITIVULUI OBU-SATELLIC

In cazul in care NU aveti cont pe site-ul Satellic, iar dispozitivele pentru plata taxelor de drum sunt achizitionate dupa data de 01.07.2019, va recomandam totusi sa accesati contul unic al vehiculului pe site-ul furnizorului, folosind codul PIN al aparatului, pentru a verifica daca facturile emise pana la acel moment au fost emise cu datele complete ale firmei (Nume, Sediul social, CUI).

Dupa aceasta data, Satellic a introdus obligativitatea inregistrarii datelor companiei in momentul achizitionarii aparatelor, iar in cazul in care soferii au introdus datele firmei corect aceste facturi pot fi utilizate pentru recuperarea TVA. Pe viitor va recomandam sa va creati un cont si sa adaugati dispozitivele achizitionate in cont pentru a evita situatiile de a pierde valorile TVA aferente taxelor de drum din Belgia.
